Attachments: DRAFT 170705 GenX Risk Assessment Knowledge Gaps_EPA comments 07-11-2017.docx

Internal draft, deliberative

Hi Jamie,

This draft version includes consolidated comments from OST and RAD. We still have one piece to drop in on toxicokinetics.

RAD folks are doing a final review now, but are you all comfortable with us sending this forward once we drop in the last piece?

Best,
Catherine

Subject: Fw: GenX Risk Assessment Knowledge Gaps

Catherine,
Here are OW's comments on the document discussed yesterday. Let me know if you have any questions. I am working from my AWL today and forgot to set forwarding, my number is: Ex. 6 - Phone Number

Thanks,
Jamie

Subject: GenX Risk Assessment Knowledge Gaps

Hello everyone!

NC DHHS has been discussing GenX with both EPA and ATSDR and we really appreciate the help you've been giving us. We'll be holding a conference call tomorrow to talk about the progress we've made on our GenX risk assessment, and

talk about knowledge gaps. We'll be asking for rapid feedback within the next week to help inform our risk communications with the public.

I've attached a document for you to review with requests for feedback bolded in purple.

Thanks so much and talk to you all tomorrow!
